

Read the Bible

HIS WORD IS ALIVE, ACTIVE, AND FULL OF JOY!

God gave us the ultimate tool (the Bible) to help us do all of the things listed in this printout! We use the Word of God to help us worship, know how to worship, build our relationship with God, and beautifully listen to instructions that He wants to put in our hearts + much more...

Jesus wants us to know (truly understand) that we are important to Him and that He loves us so much He would never leave us here on this earth without Him, or His instructions. Thank you Jesus!

IF WE DRAW NEAR TO HIM, HE WILL DRAW NEAR TO US.

The Word of God is amazing and so full of JOY! If we do the steps talked about in this printable on a daily basis, it will help us discover joy--- *even through suffering*. The Bible not only reflects stories within this aspect, but is also living and active (relevant to any situation we find ourselves in).

If you are having a hard time reading the Bible, ask God to open the eyes of your heart to really see Him. If we draw near to Him (which we can do by reading His word), He will draw near to us!

Remember: The purpose for reading the Bible is not just for knowing it's contents in a practical way but to truly--- *know God*.
